

THE AVESHKA ADVANTAGE

Aveshka offers a range of Enterprise Risk Management (ERM) services to help organizations prepare, defend, and respond to risks that threaten to disrupt operations, expose sensitive data, or endanger the survival of the organization. With threats such as natural disasters, malicious insiders, hackers, and regulatory compliance, Aveshka accelerates the advantage for customers by applying a holistic approach that addresses risk in all aspects of its life cycle, effectively protecting businesses and mitigating risks.

CUSTOMERS SERVED

Aveshka currently provides Emergency Risk Management services to various Federal, State, and Local government entities, and organizations within the commercial sector.

VALUE PROPOSITION

ADVISORY & GOVERNANCE SERVICES

- Develop risk management plans and risk registers to identify organizational risk and prioritize mitigation strategies
- Provide a virtual CISO (vCISO) who can advise your organization in creating and maintaining a robust security plan

SECURITY OPERATIONS

- Provide Security Operations Centers (SOC) assistance with: security incident response, forensic investigations, breach/ ransomware response, threat intelligence and intelligence fusion operations, insider threat operations, data loss prevention, and digital rights management

SECURITY ASSESSMENTS

- Assess and identify vulnerabilities or gaps in current security posture and provide recommendations for enhancements.
- Risk management services include: penetration testing, vulnerability scanning, social engineering, data breach readiness review, and various assessments (e.g., phishing, compromise, workplace violence, physical security, and regulatory compliance)

KEY DIFFERENTIATORS

Aveshka applies solutions that prepare and protect your organization from various levels of risk as a result of:

SUBJECT MATTER EXPERTS

Team of SMEs with knowledge and real-life experience supporting cybersecurity, insider threat, disaster preparedness, incident response, and continuity of operations activities for customers to include the highest levels of government, major corporations, and non-profits

SCENARIO DEVELOPMENT

Conducted 1000+ training and exercise events nationwide, working in close coordination with public and private sector stakeholders

PRAGMATIC & INNOVATIVE SECURITY PLANS

Developed ERM plans that fit customer specific requirements and adhered to budget using vendor agnostic solutions that leverage and build on existing platforms
